

SMA Connector Female - PCB Edge Mountable (1.6mm)

Product Details:

Connector Type	Female/Jack
Application	Audio & Video, Automotive, Battery/Power, Telecom/Data/Network, PCB
Configuration	Circular/Cylindrical connector, Coaxial connector, Flat or ribbon cable connector, PC card connector, Micro connector, and nano connector

PCB Edge Mountable - SMA-Female RF connector for 1.6mm Thick PCB.

Perfect for prototyping with GPS and Cellular devices that require an antenna connection. These connectors have a female signal pin and will correctly mate with the original SMA- Male type antenna
